# Harbor

SOFAS

*Naoto Fukasawa*

## Description

The Harbor series of armchairs and ottoman, presented with success in 2017, is enhanced by a new, equally contemporary and sinuous sofa. A range extention in the sign of design continuity, result of  Fukasawa's research into seating in the shape of upside-down truncated cone. The sofa reflects in particular the architectural, ergonomic shape of the conversation armchair, compounding its welcoming appeal by hosting two people. In fabric or leather, it has a visible metal zip on the rear of the backrest that acts as a decorative element and also allows the cover to be removed.

# Technical information

## Internal frame
tubular steel and steel profiles

## Internal frame upholstery
Bayfit® flexible cold shaped polyurethane foam, polyester fibre cover

## Swivel base-frame (HA80A-HA80B)
steel laminate and aluminium

## Base-frame (HA160-HA61P)
steel laminate

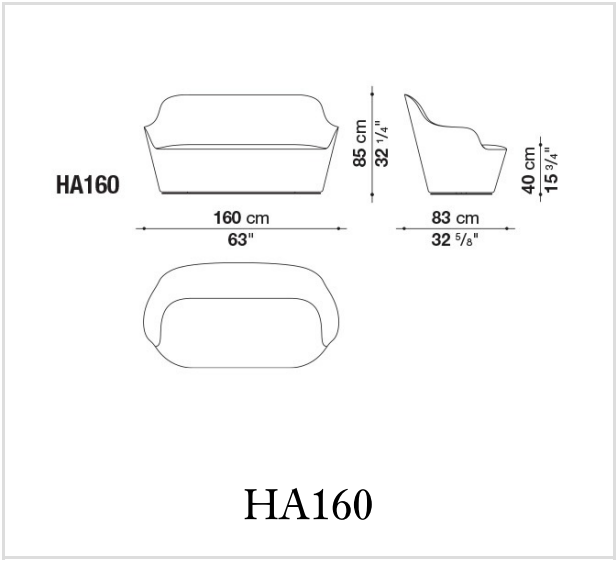
## Headrest (HA_P)
shaped polyurethane, polyester fibre, cotton cover, counterweight in anodized aluminium and steel

## Tray (HA65V)
solid wood, veneered wood fibre panel

## Ferrules
thermoplastic material

## Cover
fabric or leather
The product is conformable at
EN 16139 strength, durability and safety : requirements for non-domestic seating

# Technical drawings



B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding.
