

NOX TABLE

TRIBÙ STUDIO

DESCRIPTION

The generous Nox table stands out with a handmade table top of glazed lava stone. 400-Year old lava stone from the Vesuvius is manually glazed and then baked. Because beauty hides in imperfection, a subtle craquelure effect was added to enhance the natural imperfections of the reflective lava stone, giving each top its own exclusive look. The enamel layer makes the top water, heat, frost, UV, and stain-resistant. The Nox table top rests on a strong, slender frame made of powdercoated stainless steel. This provides a surprisingly light and elegant look, despite the heavy stone tabletop.

MATERIALS

- Frame: 304 stainless steel, powdercoated with a durable polyester coating
- Tabletop: glazed lava stone

TECHNICAL DRAWINGS

Technical drawing of the table showing top, side, and front views with dimensions in cm and inches.

Top View: The table is rectangular with a total length of 264 cm (104") and a total width of 99 cm (38"). The width is divided into a central section of 59 cm (23.2") and two side sections of 53.1 cm (20.9") each. The drawing shows 8 vertical lines representing the table's structure.

Side View: The table has a height of 74 cm (29.1"). The central section has a height of 68 cm (26.8").

Front View: The table has a width of 99 cm (38").

Assembly Information:

- delivery unit: 1
- packaging base: tbc
- packaging top: 9 tiles - tbc

Technical drawing of the table showing top, side, and detail views with dimensions in cm and inches.

Top View: The table is rectangular with overall dimensions of 352 cm (138.6") in length and 99 cm (38") in width. The width is divided into a 71 cm (27.9") section on the left and a 199 cm (78.3") section on the right. The table features 10 vertical slats, with 2 slats in the 71 cm section and 8 slats in the 199 cm section.

Side View: The table has a height of 68 cm (26.8").

Detail View: A close-up of the corner shows a double-layered top with a thickness of 74 cm (29.1").

Assembly: An icon of a screwdriver and a label "10+2" indicates that 10 screws and 2 additional parts are required for assembly.

Specifications:

- delivery unit: 1
- packaging base: 362 x 105 x H32 cm - 1,08 m³ - 190 kg
- packaging top: 12 tiles - 230 kg

NOX TABLE

PROTECTION COVERS

For each item a cover is available that protects the furniture against dirt. These covers in grey colour are made of PU coated polyester which is water-repellent and UV-resistant. Thanks to their excellent breathable qualities the covers reduce condensation and heat build-up, helping to prevent the formation of mold and mildew. Nevertheless, they are not 100% waterproof. Always make sure that furniture, cushions and covers are completely dry before covering furniture.

MAINTENANCE

Frame

Clean the aluminium frame with tap water and a PH neutral soap. For stubborn stains, use Aluminium Cleaner. We advise to use Teflon® Protector twice a year which applies an invisible film and protects the aluminium against the adhesion of dirt.

Teflon® Protector
(spray that lays an invisible dirt-repellent film)

Table top

Glazed lava stone is easy to maintain with clean water and a pH neutral liquid detergent. Possible stains can be removed with Glass & Ceramic Cleaner. To protect the surface we recommend Ceramic Protector which fills the micro pores so dirt particles won't attach to the surface and will be rain-washed.
