

DESCRIPTION

The Tairu side table mixes practicality with natural beauty and artisanal craftsmanship. The base is formed from a sturdy, hollow rectangle in teak, with inset handles so it can be moved around easily. What sets Tairu apart is the top, made from 400 year-old lava stone from the Vesuvius. After baking, a glaze is applied manually to the surface with a natural sponge. Thanks to this handwork, the color gets some movement in it. It changes the light refraction on the table and makes each piece unique. The tops are available in four sophisticated shades, each with a very subtle craquelure finish.

MATERIALS

- Frame: plantation teak from East-Java
- Top glazed lava stone

PROTECTION COVERS

For each item a cover is available that protects the furniture against dirt. These covers in grey colour are made of PU coated polyester which is water-repellent and UV-resistant. Thanks to their excellent breathable qualities the covers reduce condensation and heat build-up, helping to prevent the formation of mold and mildew. Nevertheless, they are not 100% waterproof. Always make sure that furniture, cushions and covers are completely dry before covering furniture.

MAINTENANCE

Teak

Treat new teak with Teak Protector 4 à 6 weeks after installation. Teak Protector applies an invisible film that prevents stains and green deposit. Soiled teak can be cleaned with Teak Super Cleaner. Leave the furniture to dry completely and then apply Teak Protector. To avoid labour-intensive cleaning, you can treat the wood with Teak Sealer. A simple cleaning with water and a ph-neutral soap will do for many years. Teak Sealer contains UV protection to slow down the graying from the sun as well as a fungicide to prevent the growth of mold and mildew.

Table top

Glazed lava stone is easy to maintain with clean water and a pH neutral liquid detergent. Possible stains can be removed with Glass & Ceramic Cleaner. To protect the surface we recommend Ceramic Protector which fills the micro pores so dirt particles won't attach to the surface and will be rain-washed.
