CABINETS & SIDEBOARDS

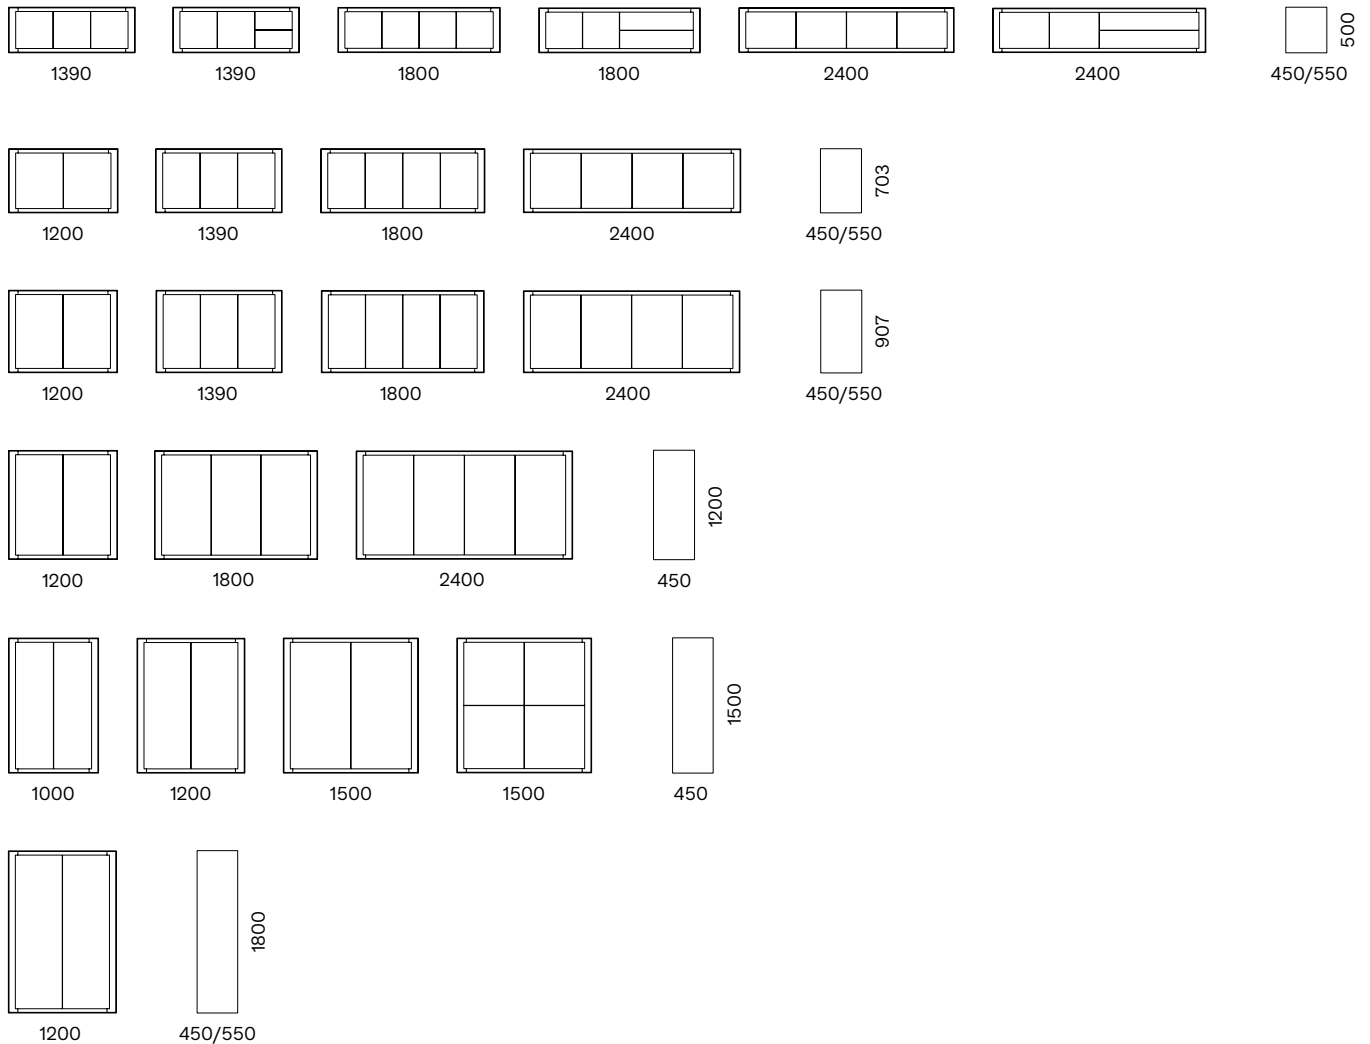

INTERNO / INDOOR

Contenitori con ante scorrevoli a pacchetto. La struttura è realizzata a corpo unico, non esistono giunzioni tra fianchi, piano e fondo. I contenitori sono dotati di fascette laterali frontali di larghezza 100 mm e di cornici superiori ed inferiori di altezza 60 mm. I frontali laterali sono provvisti di uno scuretto sui lati superiore ed esterno che serve da maniglia. I frontali centrali hanno lo scuretto solo sulla parte superiore.

Cabinets with bi-folding doors. The structure is realized as a single piece, there are no joints between sides, top and bottom. Cabinets have lateral frames large 100 mm and top and bottom frames 60 mm high. Lateral frontals have an internal groove on the top part and external side which serve as pull-outs (handles). Central frontals have the internal groove only on the top part.
