## PEONIA by Cristina Celestino | Characteristics

- The **structure** is composed of a seat surface to which the double curved backrest is attached, and is made with
- plywood panels
  - differentiated-density polyurethane foam padding
  - internal fibre-lined velvet lining
  - external cover upholstered to the structure and therefore non-removable
- The **seat surface**, sprung with elastic straps, supports the **seat cushion** made with
- differentiated-density polyurethane foam padding
  - internal fibre-lined velvet lining
  - removable outer cover with zip
- The removable **lower back cushion** is made with
- polyurethane padding
  - internal fibre-lined velvet lining
  - removable outer cover with zip

The sofas are shipped as one package and the backrest can be removed if necessary.

### Plinth

- 5 cm H
  - made with particle board panels with Nero Opaco edge or covered with the same fabric as the sofa.
- The armchair with swivel base features an internal rotating mechanism with 90° return.  
1 cm high feet in black ABS are fitted under the plinth.

### Cover

- in non-removable fabric, leather or faux leather for the structure and the plinth
- in removable fabric, leather or faux leather for the seat and lower back cushions
- the leather sofa includes additional seams

### Stitching

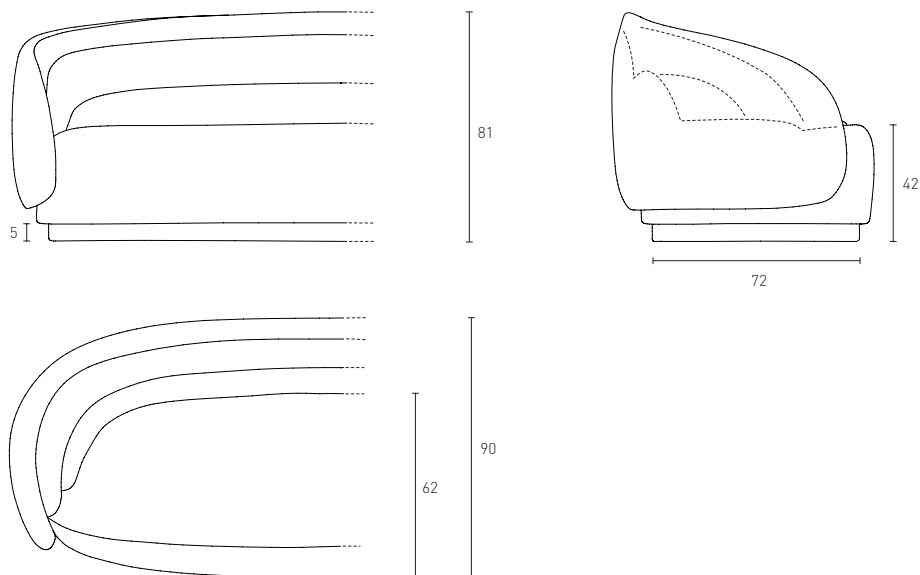

- taut and smooth
- with single and double stitched seams

### Limitations

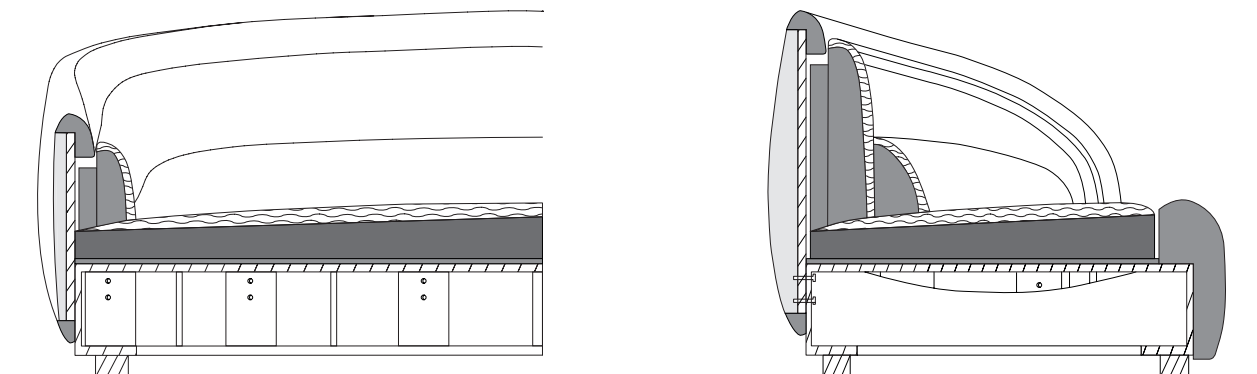

- cannot be upholstered in Byte and Supersuede fabric

When placing your order, we recommend referring to the characteristics of the fabrics and leathers in the "Dimensions, weights, fabrics and leathers" section.

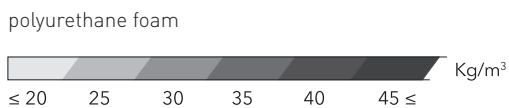

### Diagram

Internal construction

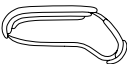

-  viscoelastic
-  plywood panels

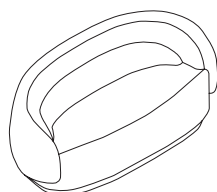

On request and with a surcharge, the Peonia model can be manufactured with a fire-repellent internal structure. To calculate the price, please refer to the "Fire-repellent structure" section of the Day Collection price list.

The images in the price list show products with right-hand configuration (D). The left-hand configurations (S) are to be intended as symmetrical.

# CALATEA by Cristina Celestino | Armchair and ottoman

- Characteristics** The **structure** is made from covered rigid polyurethane.  
The **seat and backrest cushions** are made from differentiated-density polyurethane foam padding with lining in fibre-lined velvet.
- Cover** · in removable fabric, except for the rigid structure's upholstery which is always glued on  
· in non-removable Leather or Synthetic leather
- Limitations** The **rigid structure** can **only** be upholstered  
· in Acacia, Aries, Aquarius, Bellis, Dalia, Erica, Fenice, Hermes, Jazz, Kos, Lima, Narciso, Malva, Mimosa, Rico, Supersuede, Velvet and Zea fabric  
· in Lord, Nabuk and Polo Leather  
The **backrest cushion** can also be upholstered in Calatea fabric (category H) in an exclusive print inspired by the leaf of the South American plant of the same name, the Calatea.  
When placing your order, we recommend referring to the characteristics of the fabrics and leathers in the "Dimensions, weights, fabrics and leathers" section.

**If different categories are used for the upholstery of the armchair, the price will be in the higher category.**
